MODERN CABIN HOUSES

A NEW ERA OF LIVING

Welcome to the world of stylish and sustainable compact living. Our Cabin Houses offer the perfect balance between luxury and efficiency, fully furnished with hospitality-grade quality and tailored to your preferences. Ideal for modern living solutions, holiday parks, or entrepreneurs seeking sustainable and high-quality accommodations.

THE BENEFITS OF TINY LIVING

Tiny Houses are the ideal solution for those who want to combine luxury with efficient use of space. They offer a sustainable and cost-effective lifestyle without compromising on comfort. A perfect housing solution for the future — with a small ecological footprint, stylish interiors, and endless possibilities for personal customization.

 *Expected lifespan: 30 – 50 years*

 *Spacious Tiny Houses for 2–8 people*

 *Fully customized from A to Z*

 *Personal advice and guidance*

 Metaxakis

SUSTAINABLE LIVING IN STYLE

TOGETHER, WE BUILD YOUR IDEAL TINY HOUSE!

Welcome to the world of stylish and sustainable compact living. Our Cabin Houses are designed with the future in mind: compact, innovative, and built with respect for nature. Every aspect of our homes is focused on minimizing the ecological footprint, without compromising on comfort, style, or quality.

What makes our cabins truly special are the high-quality aluminum wall panels. These panels are not only durable and low-maintenance, but they also contribute to an exceptionally long lifespan. With a life expectancy of 30 to 50 years, our Cabin Houses offer a long-term sustainable solution.

By choosing a Cabin House, you're choosing a future-proof home that perfectly fits a modern and conscious lifestyle. Whether you're looking for a flexible living solution, a comfortable holiday retreat, or an energy-efficient permanent residence — we deliver custom solutions that bring your vision of sustainable living to life.

HOW DO WE WORK?

Together, we bring your dream Cabin House to life! In approximately 16 weeks, we guide you from a non-binding consultation to the delivery of your fully furnished Cabin House.

01 NON-BINDING CONSULTATION
In the initial meeting, we discuss your ideas, preferences, and needs. Together, we explore the possibilities for your future Cabin House.

MEETING WITH THE DESIGNER

Our interior designer helps you choose the colours, materials, and layout that suit you perfectly.

02

03 A CONCRETE PLAN
We present a detailed design and corresponding quotation, giving you a clear picture of what your Cabin House will look like.

START OF THE REALIZATION

Once the quotation is approved, we begin the preparations and production of your Cabin House.

04

05 PRODUCTION & REALIZATION
Your Cabin House is produced with care, finished, and furnished using high-quality materials and equipment.

READY FOR INSTALLATION

After the final quality check, your Cabin House is delivered—ready for transport and placement, so you can start enjoying your new tiny house! And if anything ever needs replacement, spare parts are readily available from stock.
